

# Liverpool Catholic Ramblers Association Christmas Newsletter

Version 10 Issue no.7 December 2018

## Christmas Message

We wish all our members and their families a Happy Christmas and New Year! Thanks to all the leaders, coach organisers and everyone who has helped the club this year. Recent coach numbers are improving but we need everyone's support in the New Year for this to continue.

Our Yuletide walk to Staveley is a great opportunity to all get together and blow the cobwebs away after the holidays. We need more leaders and will support members who wish to develop their map reading skills on our walks

## Your club needs you

### Thank you for coming out with us and supporting your club

Please continue to support your club and come back out soon. If you haven't already done so, please pay your annual subs, which are one of the cheapest around £6 per person or £8 per couple. Please either pay on the next coach or contact Will, details are on the back of the newsletter.

## Castleton 9.12.18

### Mam Tor

A brisk but beautiful day. With a little tippie had by all –.....once the walk was completed of course!

## Future Walks

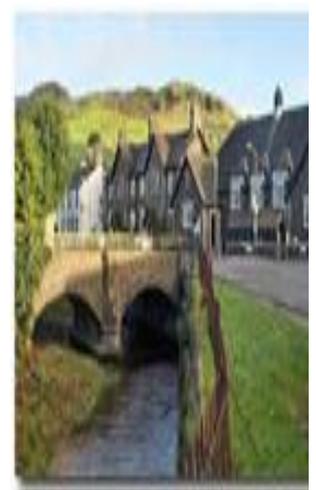

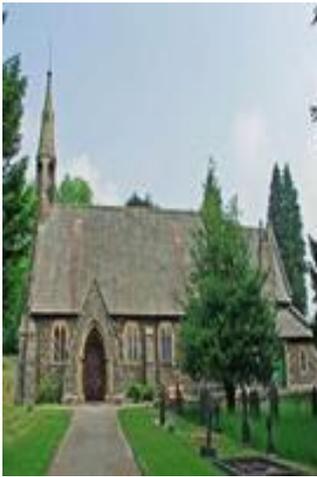

### Staveley, lakes – 6<sup>th</sup> January 2019

Staveley is a village in the District of South Lakeland in Cumbria, England. Historically part of Westmorland, it is situated 4 miles (6 km) northwest of Kendal where the River Kent is joined by its tributary the Gowan. Three hills overlook the village; Reston Scar on the north side on which much of the village is built, Piked Howe to the northeast known to the locals as Craggy Wood and Lily Fell to the south.

The area has been inhabited since around 4000 BC (evidence of which can be seen close to High Borrans) where ancient Britons established farms.

It has been suggested that the Romans built a road near Staveley to link the Roman forts at Kendal (*Alauna*) and Ambleside (*Galava*).

We will have time to visit the Hawkshead Brewery (in Staveley) including a Beer Hall, visitors' centre and international beer shop

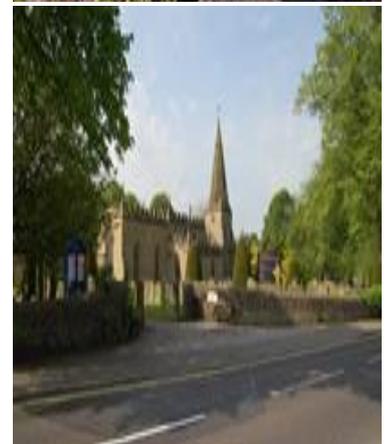

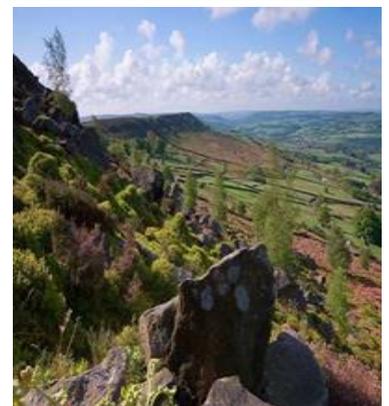

### Baslow, Derbyshire – 27<sup>th</sup> January 2019

Baslow is a village in Derbyshire, England, in the Peak District, situated between Sheffield and Bakewell, just over 1 mile north of Chatsworth House. It is sited by the River Derwent, which is spanned by a 17th-century bridge, alongside which is a contemporary toll house.

Bridge End is the original settlement, clustered around the church and the ancient bridge and ford across the River Derwent. St Anne's Church has a Saxon coffin lid in the porch entrance, but the oldest part of the current building, the north aisle dates from about 1200. A sundial lies in the church grounds, atop the shaft, base and steps of a cross.

Walks in the area include Baslow Edge and the other high gritstone edges, for brilliant views over Derbyshire. These cliff faces are popular with rock climbers (but we will be getting there via the footpaths). Also, non-walkers can instead visit nearby Chatsworth House which was used as Pemberley, Mr D'Arcy's home in the *Pride and Prejudice* film. (Opportunity for another paddle - Ray?)
